

Review Articles

Research Articles

- Human intervention, neutral theory, and the assembly of Amazonian secondary forest communities in Napo, Ecuador
¹Edgardo I. Garrido-Pérez, ²David Tella-Ruiz, ³Jamil Rojas-Salvatierra, ⁴F. René Grefa, ⁵Lisette Díaz, ⁵Karen Bonilla and ⁴José Grefa 418-429
- Prediction for the transitional period and incidence of breeding season based on abattoir ewes ovarian samples
Wafir M. Saleh 430-436
- Niche modelling- an approach to predict habitats for conservation of Hippophae species in trans and north Western Indian Himalaya
Manohar Lal & *Samant, S.S. 437-446
- Efficiency of herbigation based weed management practices in aerobic rice
Abhishek, G.M, M.N. Thimmegowda, B.K. Ramachandrappa, Nagaraju and Murukannappa 447-452
- In₂O₃:SnO₂ Thin Film Gas Sensor for Detection of NO₂ at Different Operation Temperatures
Bushra A. Hasan & Rusul M.Abdallah 453-460
- Evaluation of the antioxidant activities of aqueous extracts of fresh Madeni rose petals
¹Arwa A. Al-Garni, ¹Sawsan A. Rahimulddin, ¹Huda A. Al Doghathier, ²Hassan A. Al-Harbi & ¹Ulfat M. Omar 461-468
- Direct detection of photons from exoplanets of a host star leading to study its element compositions
A. T. Mohammed 469-475
- Cytogeneses changes on lymphocyte by using low level laser (LLL)
¹Aedah Z. AL kaisy & ²Maha. Adel Mahmood 476-478
- Estimation of salivary alpha-amylase, salivary total protein in secondary sjogren syndrome patients with rheumatoid arthritis
¹Fatma A. Abdulkareem, ²Fawaz D. AL-Aswad, ³Mohammed H. ALosami 479-483
- An assessment of avian diversity present with in 2km radius of Bannerghatta National Park, Karnataka, India
^{1,2,3*} Sreenivasa Kumar..... 484-488
- Seasonal variations in physico-chemical parameters of Kali Estuary, West Coast of India
Naseema Shaikh, J.L. Rathod and Raveendra Durgekar 489-493
- Purification of Tigers river water by arabic gum as a natural coagulant
¹Inas M. Al-aubadi, ²Luay Q. Hashim & ³Arwa M. Khaleel 494-499
- Effect of beta-thalassemia major on reproductive hormones levels and ovarian status in sample of Iraqi female
Jabbar H. Yenzeel & Lina A. Salih 500-504
- Effect of ZnO nanoparticles on AST activity in gingival cervicular fluid of chronic periodontitis patients: in vitro study
¹Raghad Fadhil , ²Zainab A. Salman, ³Ruqayah Ali Salman , ²Eaman A. Al-Rubae, ²Naghm Q. Ragheb 505-510
- Serological study of visceral leishmaniasis in Wassit Governotate
¹Ibrahim A. Al Zubaidy, ²Hasanain A. Al Saeedi & ³Ban S.Al-Nasery 511-515

Detection of Escherichia coli O157:H7 from imported and locally produced burger in Baghdad Huda Nsaif Jasim, Raad A. Ismail & Mohanad F. Hamood	516-519
The bifurcation of a food chain across a refuge stage- structure prey-predator model Azhar Abbas Majeed & Sabah Ali Rahi	520-535
The inhibition effect of acids and alkalis on the growth of microorganisms ¹ Maysoon S. Abbas, ² Waffa A. Ahmed & ³ Al-Maaly N.M.	536-538
Efficacy of Nd: YAG laser lithotripsy of uric acid phosphate calculi in relation to the stone's composition ¹ Nabaa A. Rasheed Naji, ² Arkan Al ugaili & ³ Rooa Muayad Ali Abd	539-541
Effect of the toxic dose of levamisole on some hematological parameters, liver and kidney functions in lamb. ¹ Alaa Kamal Mahmoud & ² Zainab Alaa Ahmed	542-548
Study on performance of tasar silkworm, Antheraea mylitta drury under different chawki rearing methods Kamaraj, S., *Pandiaraj, T., Immanual Gilwax Prabhu, Vinay Ranjan & Sinha, A. K.	549-552
Comparative studies on diagnosis of Trypanosoma evansi in camels in Al-Najaf Province, Iraq Jihad T. Aboed & Azhar Ali Faraj	553-556
Effect of post foot and mouth disease infection on some semen attributes and blood biochemical parameters of Holstein bulls ¹ Sajeda Mahdi Eidan, ² Faris Feisal Ibrahim, ¹ Talal Anwer Abdulkareem & ² Kamil Fayadh Hurish	557-560
Prevalence of Babesia, Theileria and evaluated of some blood parameters in camels in Al Najaf Province Bahaa Alaa Farhan & May Hameed	561-564
The bifurcation of the dynamics of prey-predator model with harvesting involving diseases in both populations Azhar Abbas Majeed & Omer Saad Ali	565-582
Sealing effect of diode laser 940nm on the dentinal tubules (in vitro study) Zahraa R.Al-khafaji, Lutfi G. Awazli & Mohammed A. Al-Maliky	583-587
The effect of gender factor on periodontal disease ¹ Nadia Mohammad Kazem, ² Suha Talal Abd, ² Wasan Lafta Abdulla, ² Khalid H. Gathwan	588-590
Corrosion inhibition of carbon steel by new phenyl quinazolinone derivative in 1M HCl: experimental and theoretical investigation Rehab Majed Kubba, Ahmad Shalaan Alag & Suaad M. H. Al-Majidi.....	591-603
Unveiling the neurotoxicity of methyl mercury in rats (Rattus norvegicus) through morphometric analysis of brain and body weight assessment ¹ Nagendra Reddy, M., ² Nagamalleswari, Y., ² Kishore, P.V.S. and ³ Deviprasad, V.	604-607
The effect of iron nanoparticle prepared from Punica granatum peel on microorganisms ¹ Hamdia, M. Al-Hamdani, ² Sundus, H. Ahmed & ³ Salim Al-Timmimi	608-610
Pathological study on some renal lesion in sheep and goats in Diyala Province Noura N. Ali & Khalil H. Aljeboori	611-615
Scanning electron microscope for Ornithobilharzia turkestanicum isolated from sheep in Maysan/ Southern Iraq Suzan A. Al-Azizz; Ismael W. Ismael; Hanaa N. Abdullah	616-620
Synthesis and characterization of polypyrrole as a gas sensor ¹ Mahdi Hasan Suhail & ² Ghada Ayad Kadhim	621-628
Epiphytic fern Drymoglossum piloselloides a green synthesis of silver nanoparticles using it's leaf extracts and evaluation of their antibacterial activity Prita Pillai	629-634

Comparative efficacy of levofloxacin and Ashwagandha in treatment of subclinical mastitis in lactating goats	Deepak Lal Kumhar, P.C. Shukla and Brejesh Singh	635-638
Frequency of low birth weight among neonates admitted to the neonatal intensive care unit	¹ Sevan Najem Alwan, ² Atheer Jawad AL-Saffar, ¹ Yasmeen J. Al-Bayaa, ³ Hala Samh Arif and Haider ⁴ Sabah Kadhim	639-643
940nm diode laser assisted coagulation after tooth extraction in diabetes patients	Noor A. Al-Wardi, Mohammed A. Al-Maliky, Ali S. Mahmood & Noor A. Al-Wardi	644-648
Green synthesis of silver nanoparticles using epiphytes: Dendrobium aphyllum leaf extracts and evaluation of their antibacterial activity	Prita Pillai	649-653
Impact of seed cum ferti-drill for wheat sowing after paddy harvesting in Muzaffarnagar District, Uttar Pradesh	Singh, P.K., Pramod Kumar, Shiv Kumar and Shripal	654-657
Effect of administration high doses exogenous fibrolytic enzyme on some rumen parameters in local awassi rams	Al-Deri, A.H.	658-661
Effect of utilization of date fiber from date syrup manufacture on organoleptic properties of chocolate cake and extending the storage life of the product	Wedad Fadhil Abass, Hala Abd Al-Munaaem Yaseen & Ali Mohammed Hussain AL-Shaibani	662-666
Schiff base derived from 5-bromo-isatin as carbon steel corrosion inhibitor in 3.5% NaCl: experimental and theoretical evaluation	Rehab Majed Kubba & Dhuha Abdul-Kareem Challob	667-684
Spatial variation of groundwater quality by using GIS - east of the Tharthar Lake area, Iraq: A case study	¹ Ahmed Hashem Al-Sulttani & ² Isaac Salih Al-Akaam	685-694
Influence immunization by culture filtrate staphylococcus aureus antigen carried by silver nanoparticles as adjuvant against staphylococcus aureus infection in mice	¹ Namir I. Mohammed & ² Mohammad J. Alwan	695-703
Isolation and identification of staphylococcus aureus strains from fresh and frozen meat in karbala province	¹ Namir I. Mohammed & ² Mohammad J. Alwan	704-709
Estimation of parathyroid hormone, progesterone and prolactin, with some electrolyte in sera of first trimester iraqi pregnant women	Ban H. Hameedi	710-713
Proliferative effect of vincristine sulfate and estradiol on female mice	Hanaa Khudair Abaas & Khalil Hassan Zenad	714-724
Biochemical characterization of mycosporine-like amino acids from desiccation tolerant cyanobacteria scytonema geitleri and lyngbya arboricola	Sudha Mishra	723-732

Short Communication
Case Study
