

Review Articles

- Diagnostic methods of enterohaemorrhagic Escherichia coli in human medicine and beninese current situation on the pathovar
HOUNGBEGNON Olivia, DOUGNON Victorien, BANKOLE Honoré 734-740

Research Articles

- Assessment of water quality and suitability of euphrates river in Iraq for drinking purpose by applying water quality indices (WQIs) and geographical information system (GIS) techniques
^{1*}Mustafa Muwafaq Noori, ¹Khalid Adel Abdulrazzaq, ¹Athraa Hashim Mohammed, ²Ali Ismael Abbas 741-756
- Histomorphological and histochemical study of the small intestine of the mallard (Anas platyrhynchos) in south Iraq
¹Eyhab R.M. Al-Samawy, ²F.J. Al-Saffar, ³Wafa Abdulmutalib Naji and ⁴Ahmed Sami Jarad757-764
- Assessment of honey production on different agro- ecology in woreda tahtay-koraro north western of Tigray, Ethiopia
¹Zekiros Fikadu & ²Gangwar, S. K. 765-769
- Role of sulfur content on the photo detection parameters of AgSb (SxSe1-x)2 thin films
Bushra A. Hasan 770-779
- Improvement of mice fertility by immunization with culture filtrated Corynebacterium pseudotuberculosis antigen
¹Awni, K.J., ¹Alwan, M.J., ²Afaf Abdulrahman Yousif 780-787
- Recording of new algal species within the euphrates river environment in Iraq
Ahmed Aidan Al-Hussieny 788-793
- Study the effect of physical and chemical factors on phytoplankton in the euphrates river community within a of Anbar Province – Iraq
¹Huda A. Ali & ²Ahmed Aidan Al-Hussieny 794-801
- Effect of spacing and fertilizer levels on growth and yield of zucchini (Cucurbita pepo L.)
Hem Lata, Khandekar, R.G., Haldavanekar, P.C., Salvi, V.G. & Salvi, B.R.802-805
- The study of the efficiency of household reverse osmosis system to remove the pollutants from different water sources
Ayat Abd-Aljaleel Altekreyt & Yaaroub Faleh AL-Fatlawy 806-813
- Adoption of Raingun technology: a study in anantapur district of Andhra Pradesh
¹Sravan Kumar, T. and ²Mahesh Babu, T.814-817
- Synthesis of some new derivatives of 3-substituted-2-biphenyl imidazo (1,2-a)pyridine with study their biological activity
Naeemah Al-lami and Ahmad Shaker Mahmoud 818-823
- Prevalence of toxoplasmosis in iraqi rhumatoid arthritis patients and detection levels of MCP-1 and TGF- chemokines during infection
Marwa Ali Al- Oqaily & Israa kasim Al-Ubaidi 824-829
- Occurrence of filamentous fungi from tap and river water in Baghdad - Iraq
¹Ammar Y. Alkhakany, ²Jenan M. Khalaf, ^{1*}Abdulkarim J. Karim830-841

The radiative transition probabilities and emission cross-section for Dy ³⁺ doped with TiO ₂ ¹ Mohammed A.Hamzah & ² Nadia F.W. Morad	842-846
Estimating the size of water erosion of the slopes of mateen fold Nawfal Seekap Hadeed & Osamah Khazal Al-Sherifi.....	847-860
Effect of various levels of dried tamarind pulp powder on serum and egg yolk biochemistry of layer birds Biradar, P.B., Kanduri, A.B., Kuldipkar, A.B., Gaikwad, N.Z. and Khan, M.A.	861-864
Antibacterial activity of methicillin resistant Staphylococcus aureus bacteriocin (MRSACIN) and its therapeutic effects compared with vancomycin in experimental skin infection in mice ¹ Mais Emad Ahmed and ^{2*} Ahmed Qassim Al-Awadi	865-873
Genetic variability and heritability study for quantitative traits in advance generation (F5) of cross between green seeded desi (GKB-10) and white kabuli (MNK-1) chickpea genotypes (Cicer arietinum L.) ¹ Honnappa, ² Mannur, D.M., ¹ Shankergoud, I., ¹ Nidagundi, J.M., ³ Muniswamy, S. and ¹ Muttappa hosamani	874-878
Prevalence and antimicrobial resistance patterns of gram negative bacteria isolated from patients with urinary tract infection in Baghdad city Suhad Saad Mahmoud	879-881
Protocol for tissue culture propagation of banana cv.Ney poovan (AB) Prabhuling, G, Rashmi, H. and Babu, A.G.	882-887
Mango kernel starch – a natural and indigenous sizing agent for cotton fabric *Sunita Kale, Sangita Naik & Manisha Karhale	888-891
Protocol for tissue culture propagation of banana cv. Rajapuri bale (AAB) Prabhuling, G., Rashmi, H. and Babu, A.G.	892-897
Marketing behaviour of mango growers of Karnataka Manjunath, Amaresh Kumar, K. and Shashikala Bai, D.	898-901
In vitro regeneration of Jamun (Syzygium cuminii L.) CV. AJG-85 Prabhuling, G, Rashmi, H and Babu A.G	902-907
Implication for biodiversity conservation and monitoring under redd+ climate change mitigation programme in India ^{*1} Mohammad Shahid and ² Nemit Verma	908-915
Distribution of some alleles in human dnase 1 gene for a sample of IRAQI population Nuha, J. Kandala	916-921

Case Study

A rare case of uterine torsion in a five months pregnant cow and its successful management through left flank caesarean section Ravi Dutt, Gyan Singh, Subhash Chand Gahalot , Vinay Yadav, Shivanagouda S Patil, Nitin Soni, Aman Dhaka and Jasmer Dalal	922-925
